The Dignity of the Human Being as a Dimension of Human Subjectivity in the Economy

Poland, after social-politic-economic transformation in 1989, became a capitalistic, free-market country. In this conditions human being can be perceived as an object, not a subject of economic life. Therefore the important issue is to take up problems associated with human subjectivity. And human subjectivity is expressed in his personal dignity.

Key words: *human subjectivity, economy, dignity*
