Lobbying in Polish Law and in Practice

Summary

This article presents both the legal regulations concerning lobbying in Poland and an evaluation of lobbying practices. It makes reference to the results of sociological research conducted among Polish members of Parliament, professional lobbyists and journalists who cover parliamentary issues. The research was conducted in cooperation with the S. Batory Foundation's Anti-Corruption Program from May to July 2008.

Keywords: *formal lobbying, informal lobbying, the lobbying regulations Act, establishing of the law*

JEL Classification: D72, D73, K41
